Subject: Questions on Processing Agreement

Hello Median,

Simple Net is pursuing processing agreements through Valitor.

Simple Net will be using the payment gateway supplied by Simple Software.

Simple Software's gateway processed transactions through Median in the past. Simple Software uses the Median TPOS application to send transactions to Median.

Valitor stated that Simple Net must have a processing agreement with Median. Is that correct? Must Simple Net have an agreement with Median? If the answer is yes, then can you send us the Median processing agreement?

Thanks
Ken Koehler
